VOLUNTEER SPOTLIGHT

Thank you to all our volunteers and a special shout-out to our amazing gift wrapping captains!

There are many types of volunteers who generously give their time to help the residents and staff of Montefiore and The Weils including: Done in a Day volunteers, weekly adult volunteers, junior volunteers and board members. Done in a Day volunteers are groups who spend a day doing a project with residents or helping with a special event or fundraiser. Our adult volunteers generally commit to coming on a routine schedule which could be once a month, every other week or weekly. Junior volunteers (ages 12-18) call at least 24 hours in advance to inform the volunteer staff of their availability. Members of our boards of directors are elected to one of our three boards and asked to help out in myriad ways – from fundraising and “friend raising” to providing insight and expertise in multiple areas and creating awareness of our all our services and much more.

Every year we have a dedicated group who volunteer as “captains” to supervise shifts for the Montefiore Volunteer Partners gift wrapping station located at Beachwood Mall during the holiday season. These individuals including Pearlena Bodzin, Tammy Brosse, Lynne Friedman, Linda Grossman, Jackie Lurie, Lisa Newburger, Diane Schnall, Marcy Schwartz, and Cheryl Siegel play a significant role by supervising the volunteers, teaching how to wrap gifts, wrapping when needed, handling deposits, recruiting additional volunteers and keeping the area neat. Thanks to these special people, this year our Montefiore Volunteer Partners raised more than $8500 over 11 days with nearly 100 volunteers who worked whenever the mall was open from December 14-24 for a total of 500 hours. These important funds support resident programs and services such as bingo prizes, outings, birthday and holiday gifts and ice cream socials.

If you or groups you work with are interested in volunteering at either Montefiore or The Weils, please contact Diane Weiner, volunteer manager, at 216.910.2741 or dweiner@montefiorecare.org.

MESSAGE FROM RABBI AKIVA FEINSTIEN
DIRECTOR OF SPIRITUAL CARE

HOW PURIM MAKES US LOOK AT THINGS DIFFERENTLY

The Jewish holiday of Purim, which takes place on March 10, 2020, is a hard one to explain to the uninitiated. On one hand, we attend synagogue, hear the Megillah scroll being read, sing and pray. On the other hand, we throw all of the conventions out the window, dressing up in crazy costumes, running around in mazes delivering an excess of presents to family, friends and our teachers. All the while, many are inebriated and acting crazier than all other days of the year.

The sages taught that the depth of Purim lies in finding G-d in our lives. The fact that there is no mention of G-d’s name in the entire Megillah, despite being one of the holy books of the Bible, is meant to connect to the fact that the Purim story is a reflection of our everyday lives. The story of Purim and of our lives, can be read in two ways.

From man’s perspective, it’s a story of happenstance. It just sort of happened that Queen Vashti refused to listen to her drunken husband’s wishes. It was a coincidence that Esther was chosen as the new queen. It just happened that Mordechai saved the life of the king. It just happened that Haman was plotting to annihilate the Jews while Esther was queen. It was pure chance that Esther made a good party and begged the king to save the Jews. And many more.

Or it can be read as G-d’s story. The Jews had drifted away from their core, and G-d chose to bring them back to themselves. He used Haman as a tool. He had planned the salvation before the crisis. Esther was chosen as queen so that when the Jews repented they’d immediately be saved and witness a complete reversal of their situation.

These two versions of Purim are the two versions of how we can read our lives. Each of us can choose how to interpret the story. Are we a conglomeration of “it just happened” or do we see G-d’s hand in every facet of our lives? Purim reminds us that there is much more going on behind the scenes than we think, and while it is okay to worry, sometimes maybe we should worry less since a lot has already been taken care of!

Because of You!
We can provide loving care for our residents
Please contribute to our 2020 annual campaign!

It has been our privilege to provide innovative and loving care at Montefiore, The Weils, and in the community for 138 years. Today’s Montefiore is an umbrella for numerous services in two locations including long- and short-term care, in-home memory care, home healthcare, hospice & palliative care, Maltz Hospice House, assisted living at The Weils and two memory care assisted living communities – The Willensky Residence at Montefiore in Beachwood and The David and Freda Robinson Residence at The Weils in Chagrin Falls.

Your support enables each individual to live with dignity, security, and as independently as they are able. Whether a parent, grandparent, neighbor or friend has spent time at Montefiore or The Weils, or received services at home...because of you, we can continue our longstanding commitment of caring for your loved ones.

Despite our significant growth in community support and outreach, we still face a sizable gap between our reimbursements and the true cost of care. With your support, we can continue to make an impact on the 2,200 individuals we help annually, regardless of ability to pay. Please consider making a gift today to our 2020 annual campaign – you make the difference for our Montefiore community!

My Parents Found Their Home
What a Sigh of Relief!

We looked everywhere, finally we found The Weils.

Or should I say The Weils found my parents. The moment we walked in they were sold. Mom said she felt it was the right place, friendly, active, safe with great transportation services, 24/7 nursing care and month-to-month leases!

It has everything they will need in the coming years. We all felt good.

Large two-bedroom suites are available – reserve yours now!
